of NORTH CAROLINA  
at CHAPEL HILL

# Operational Excellence Project Process

Project Definition

Solution Design

Implementation

## Our Scenario

**Problem:** Employees are leaving our university at an alarming rate.

- Pre-work revealed that people don't enjoy coming to work

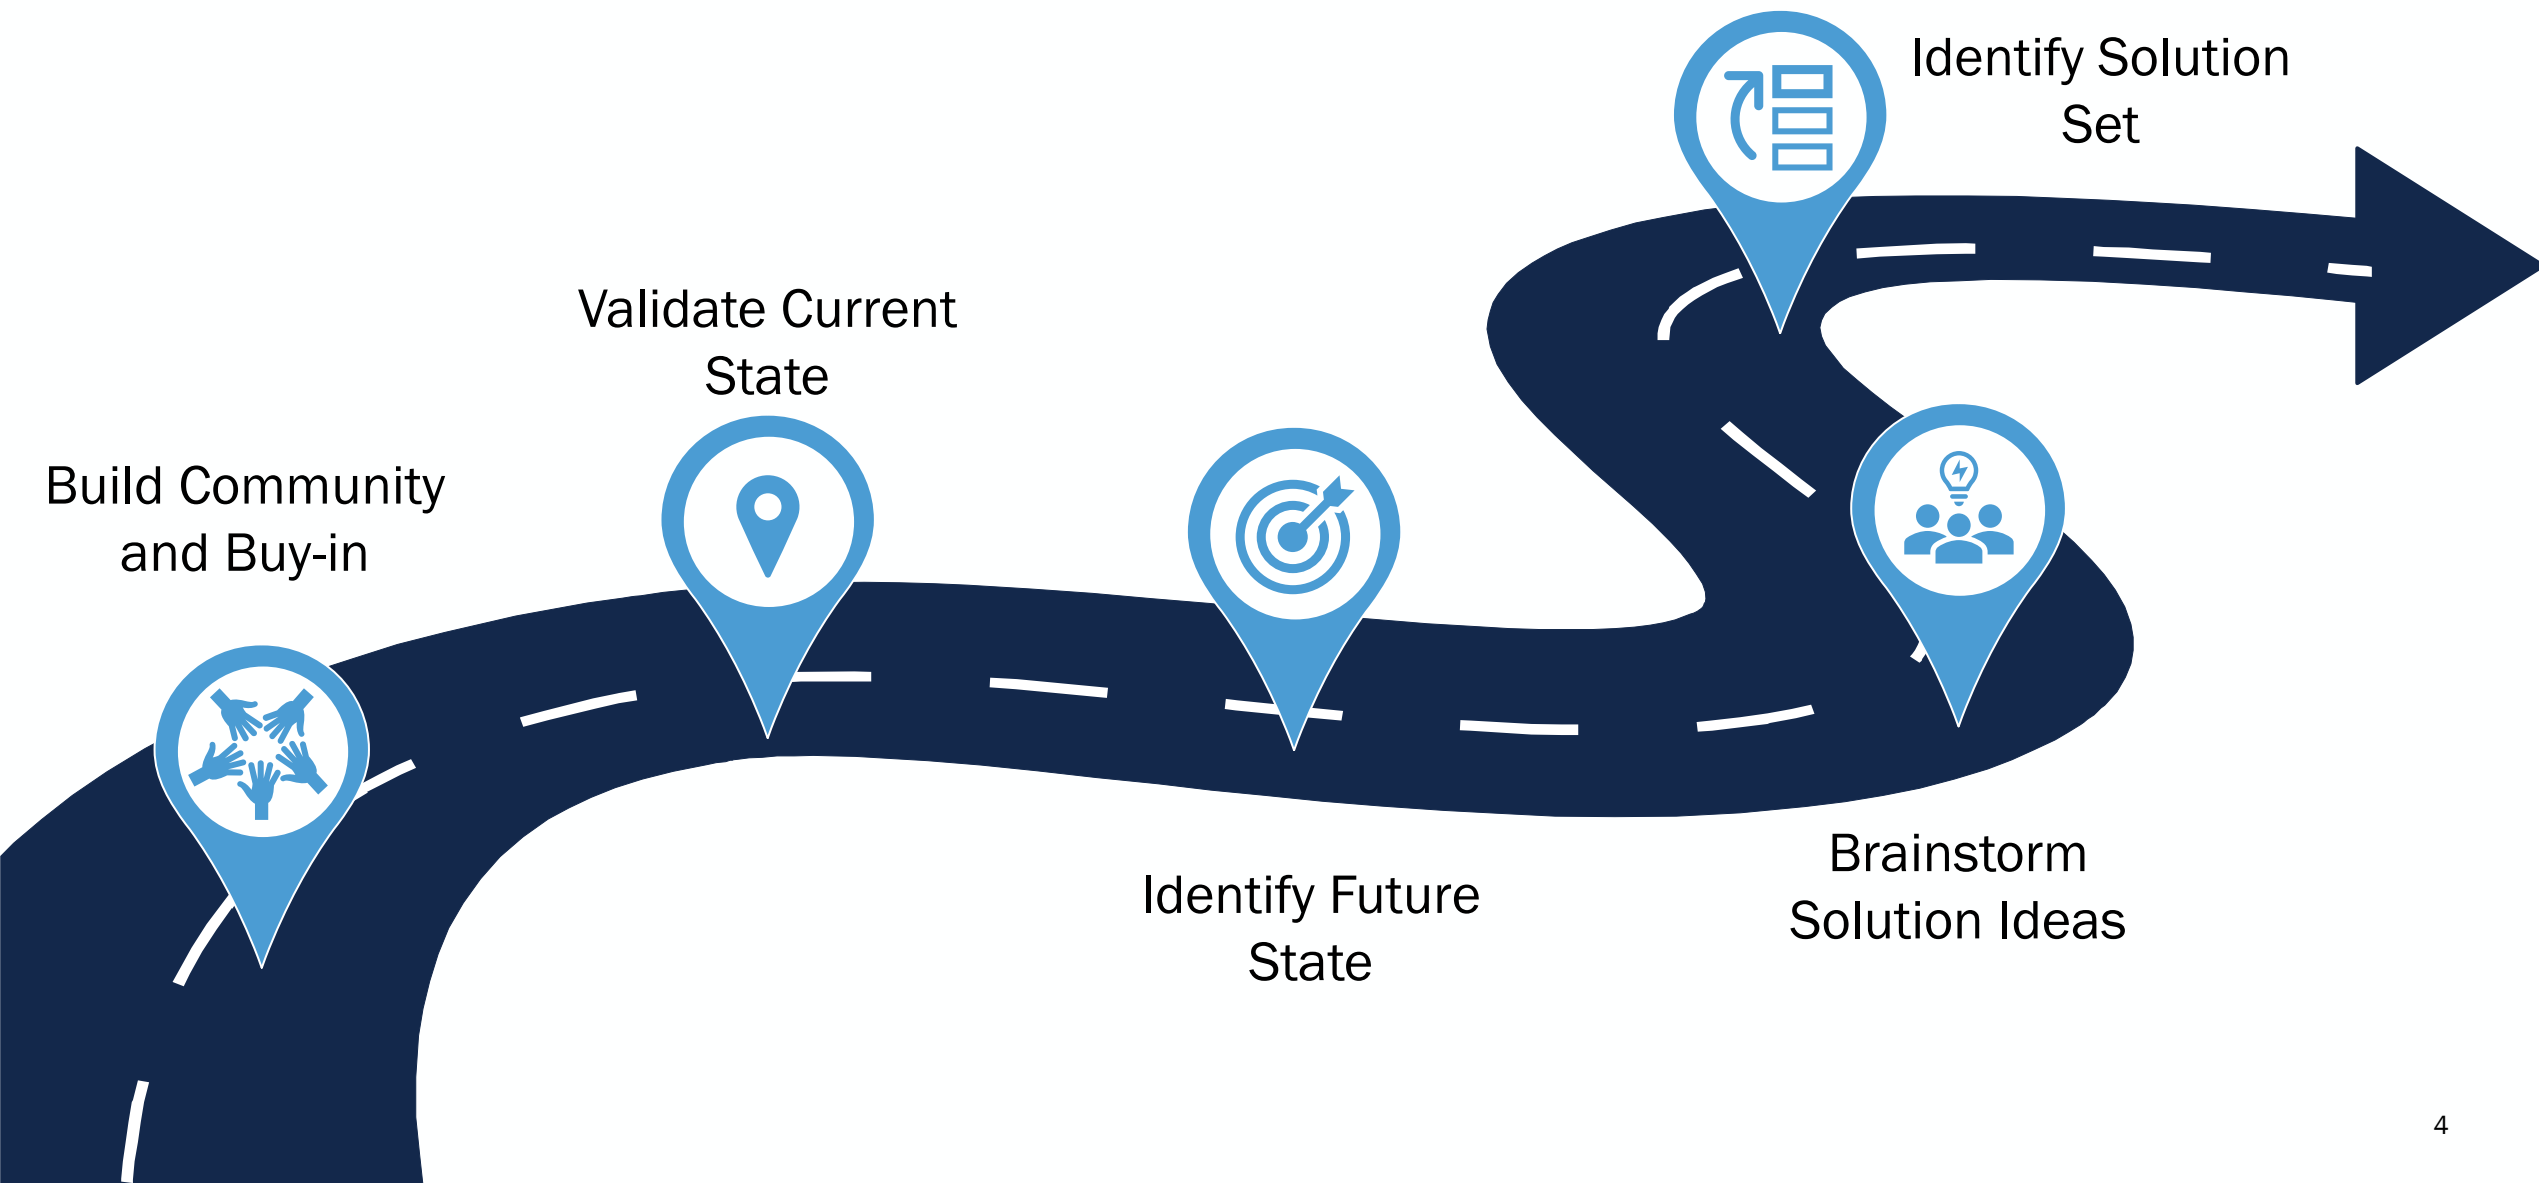

**Charge:** Design a solution that can be implemented within 6 months

**Design team:** 12 employees with diverse perspectives from across campus

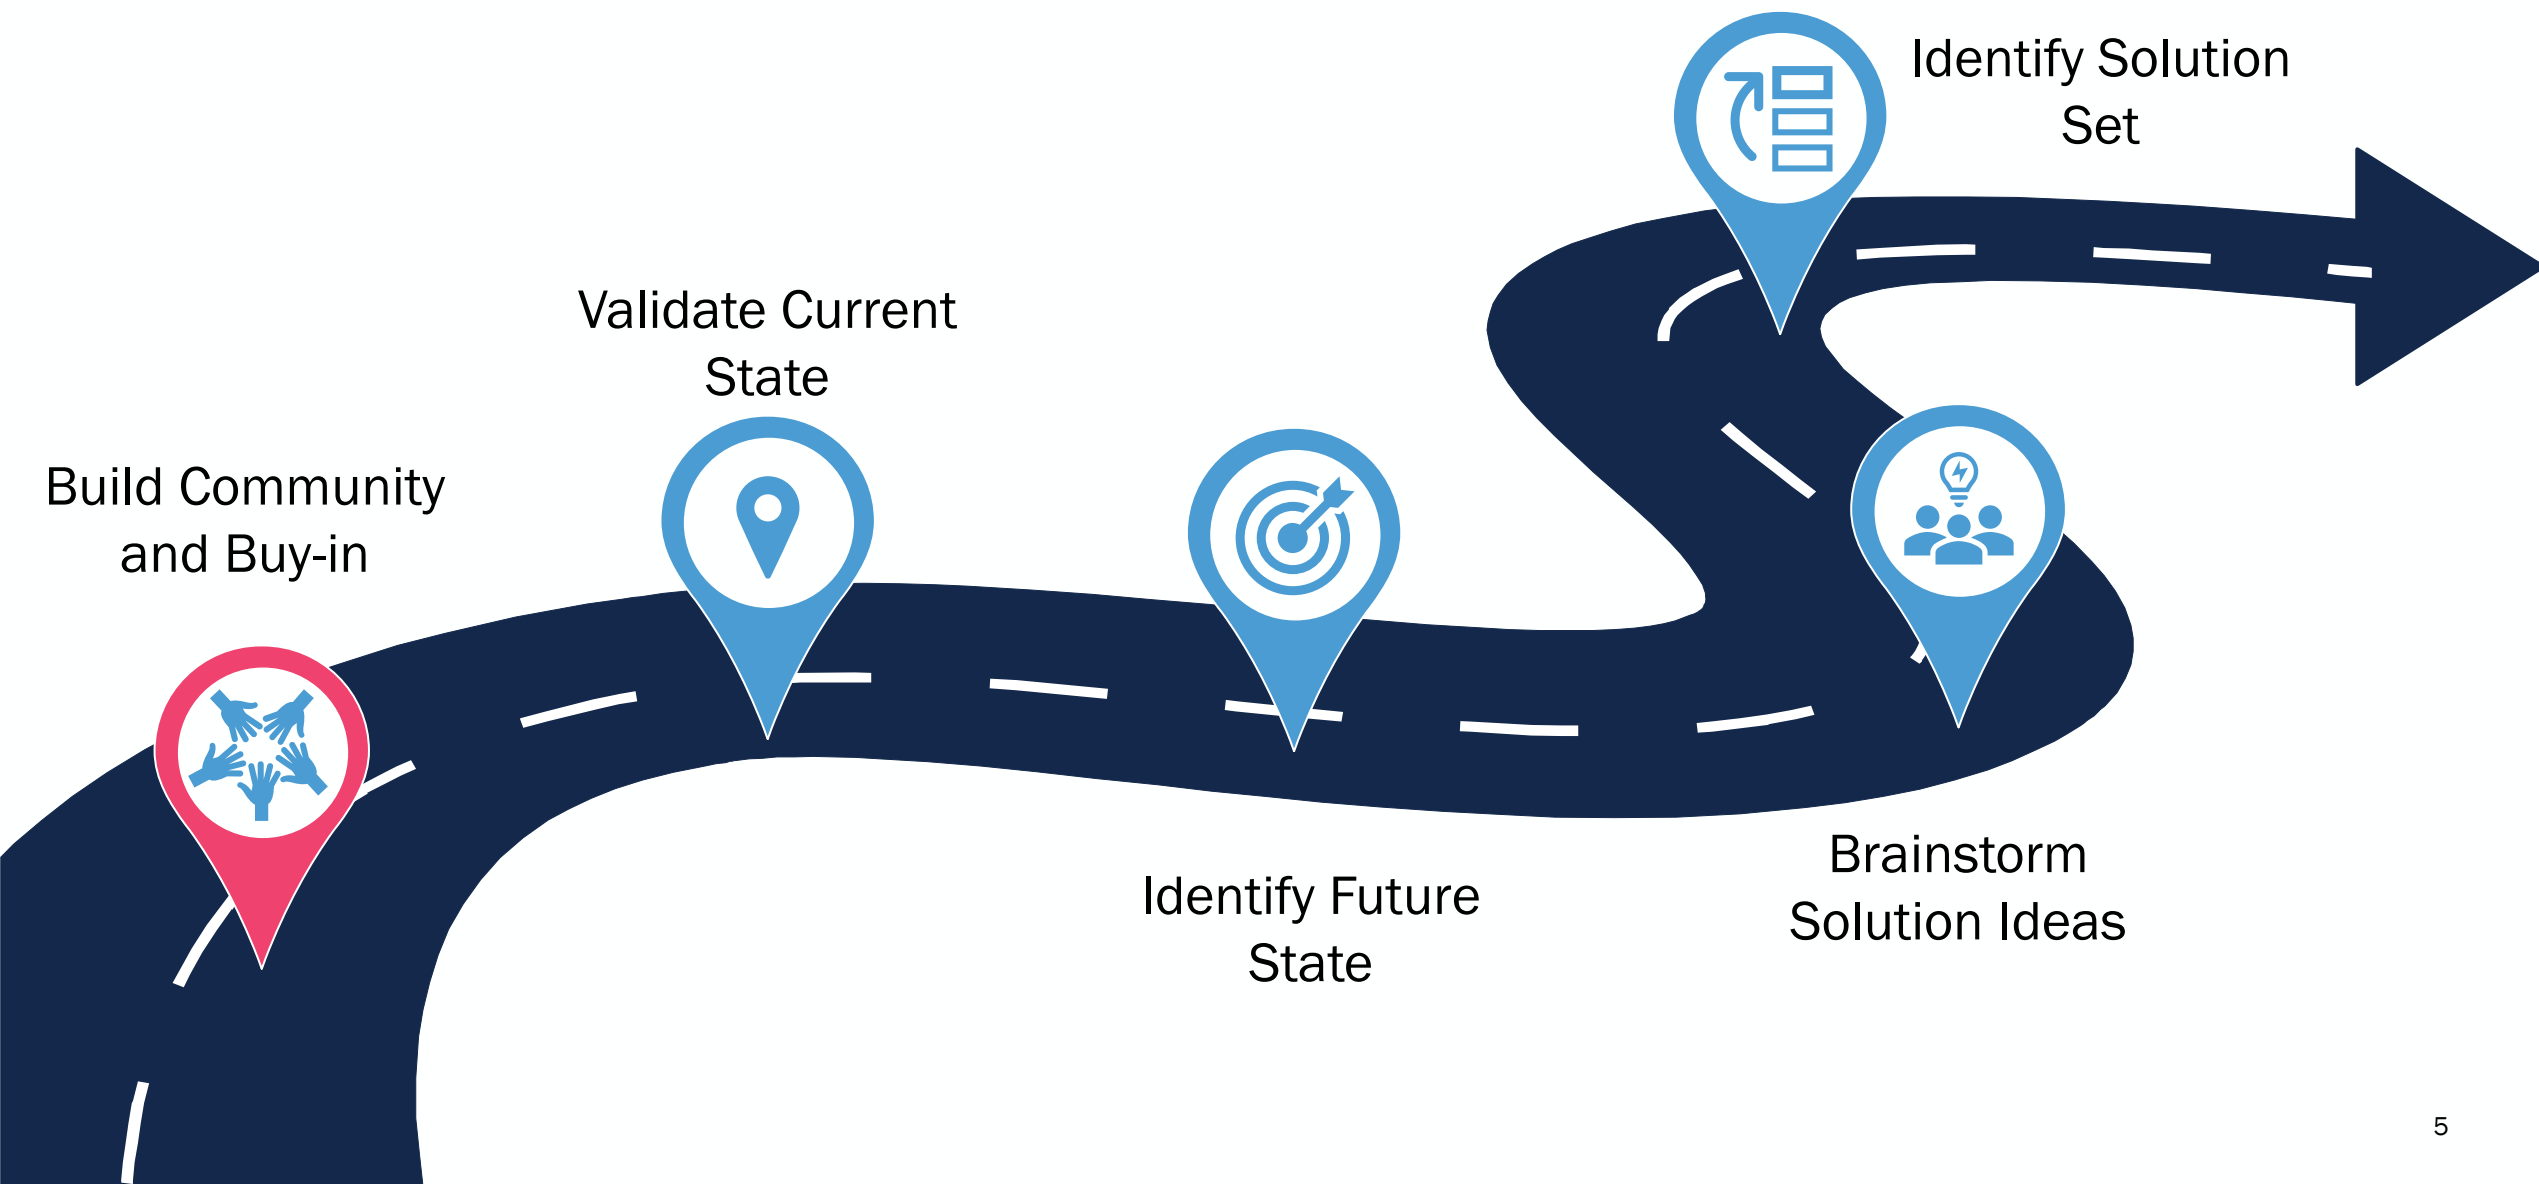

# Roadmap for Solution Design

# Roadmap for Solution Design

# Energizer

- Name
- University
- Do you prefer beach or mountains?

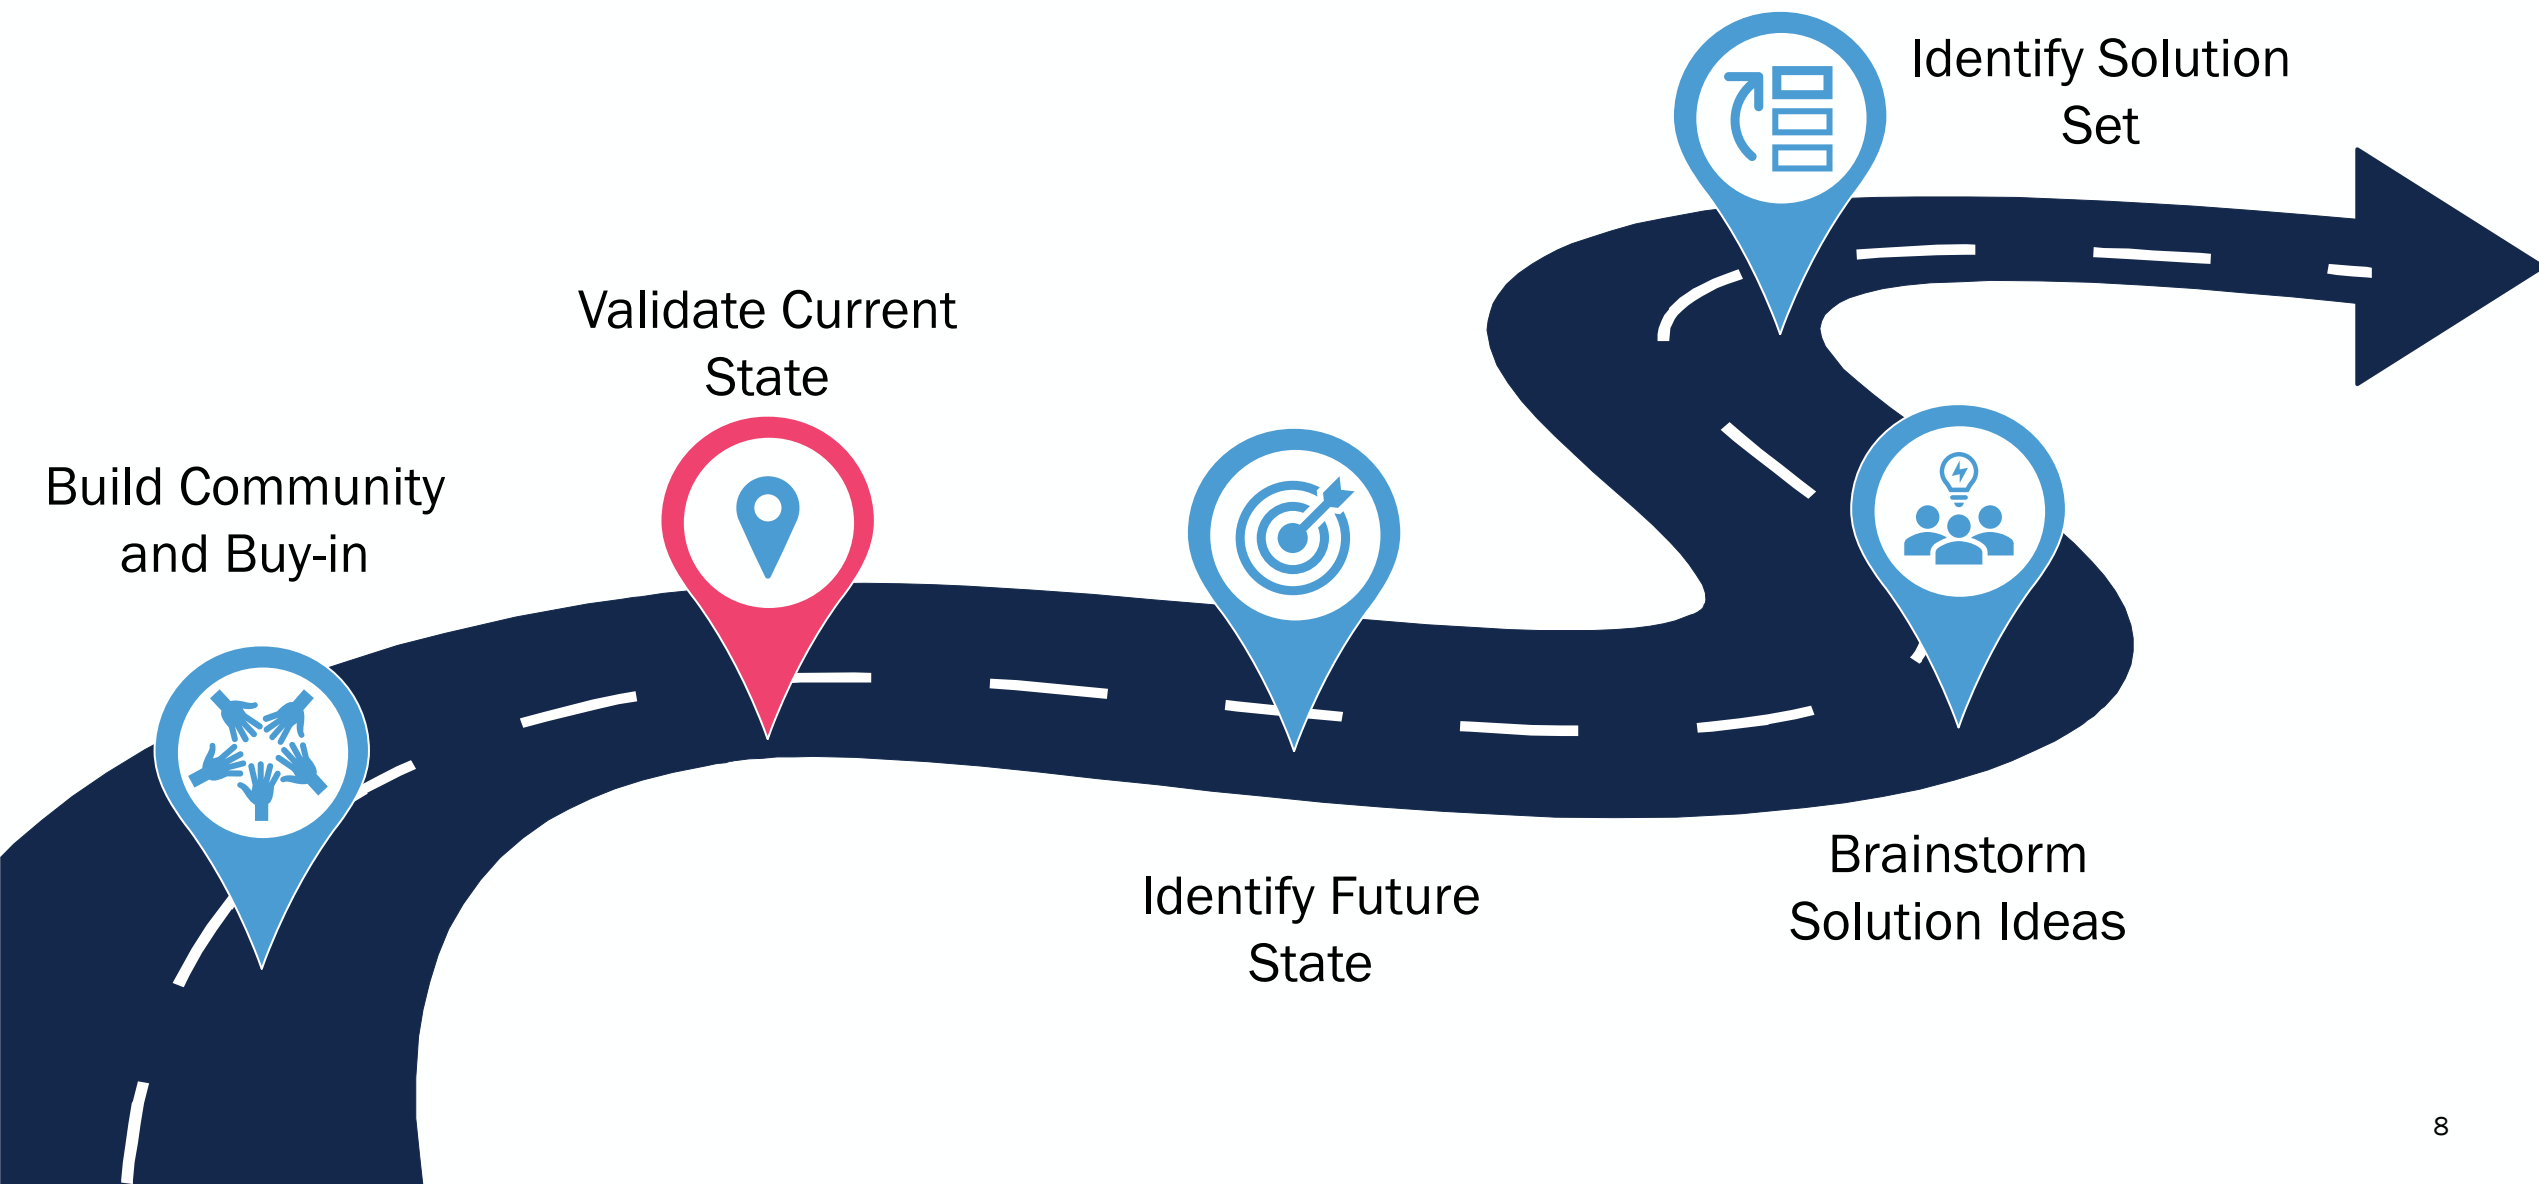

## Establish Team Norms

1 thing you need  
to feel safe sharing  
ideas & asking  
questions

1 thing that will  
get in the way of  
you fully engaging

# Roadmap for Solution Design

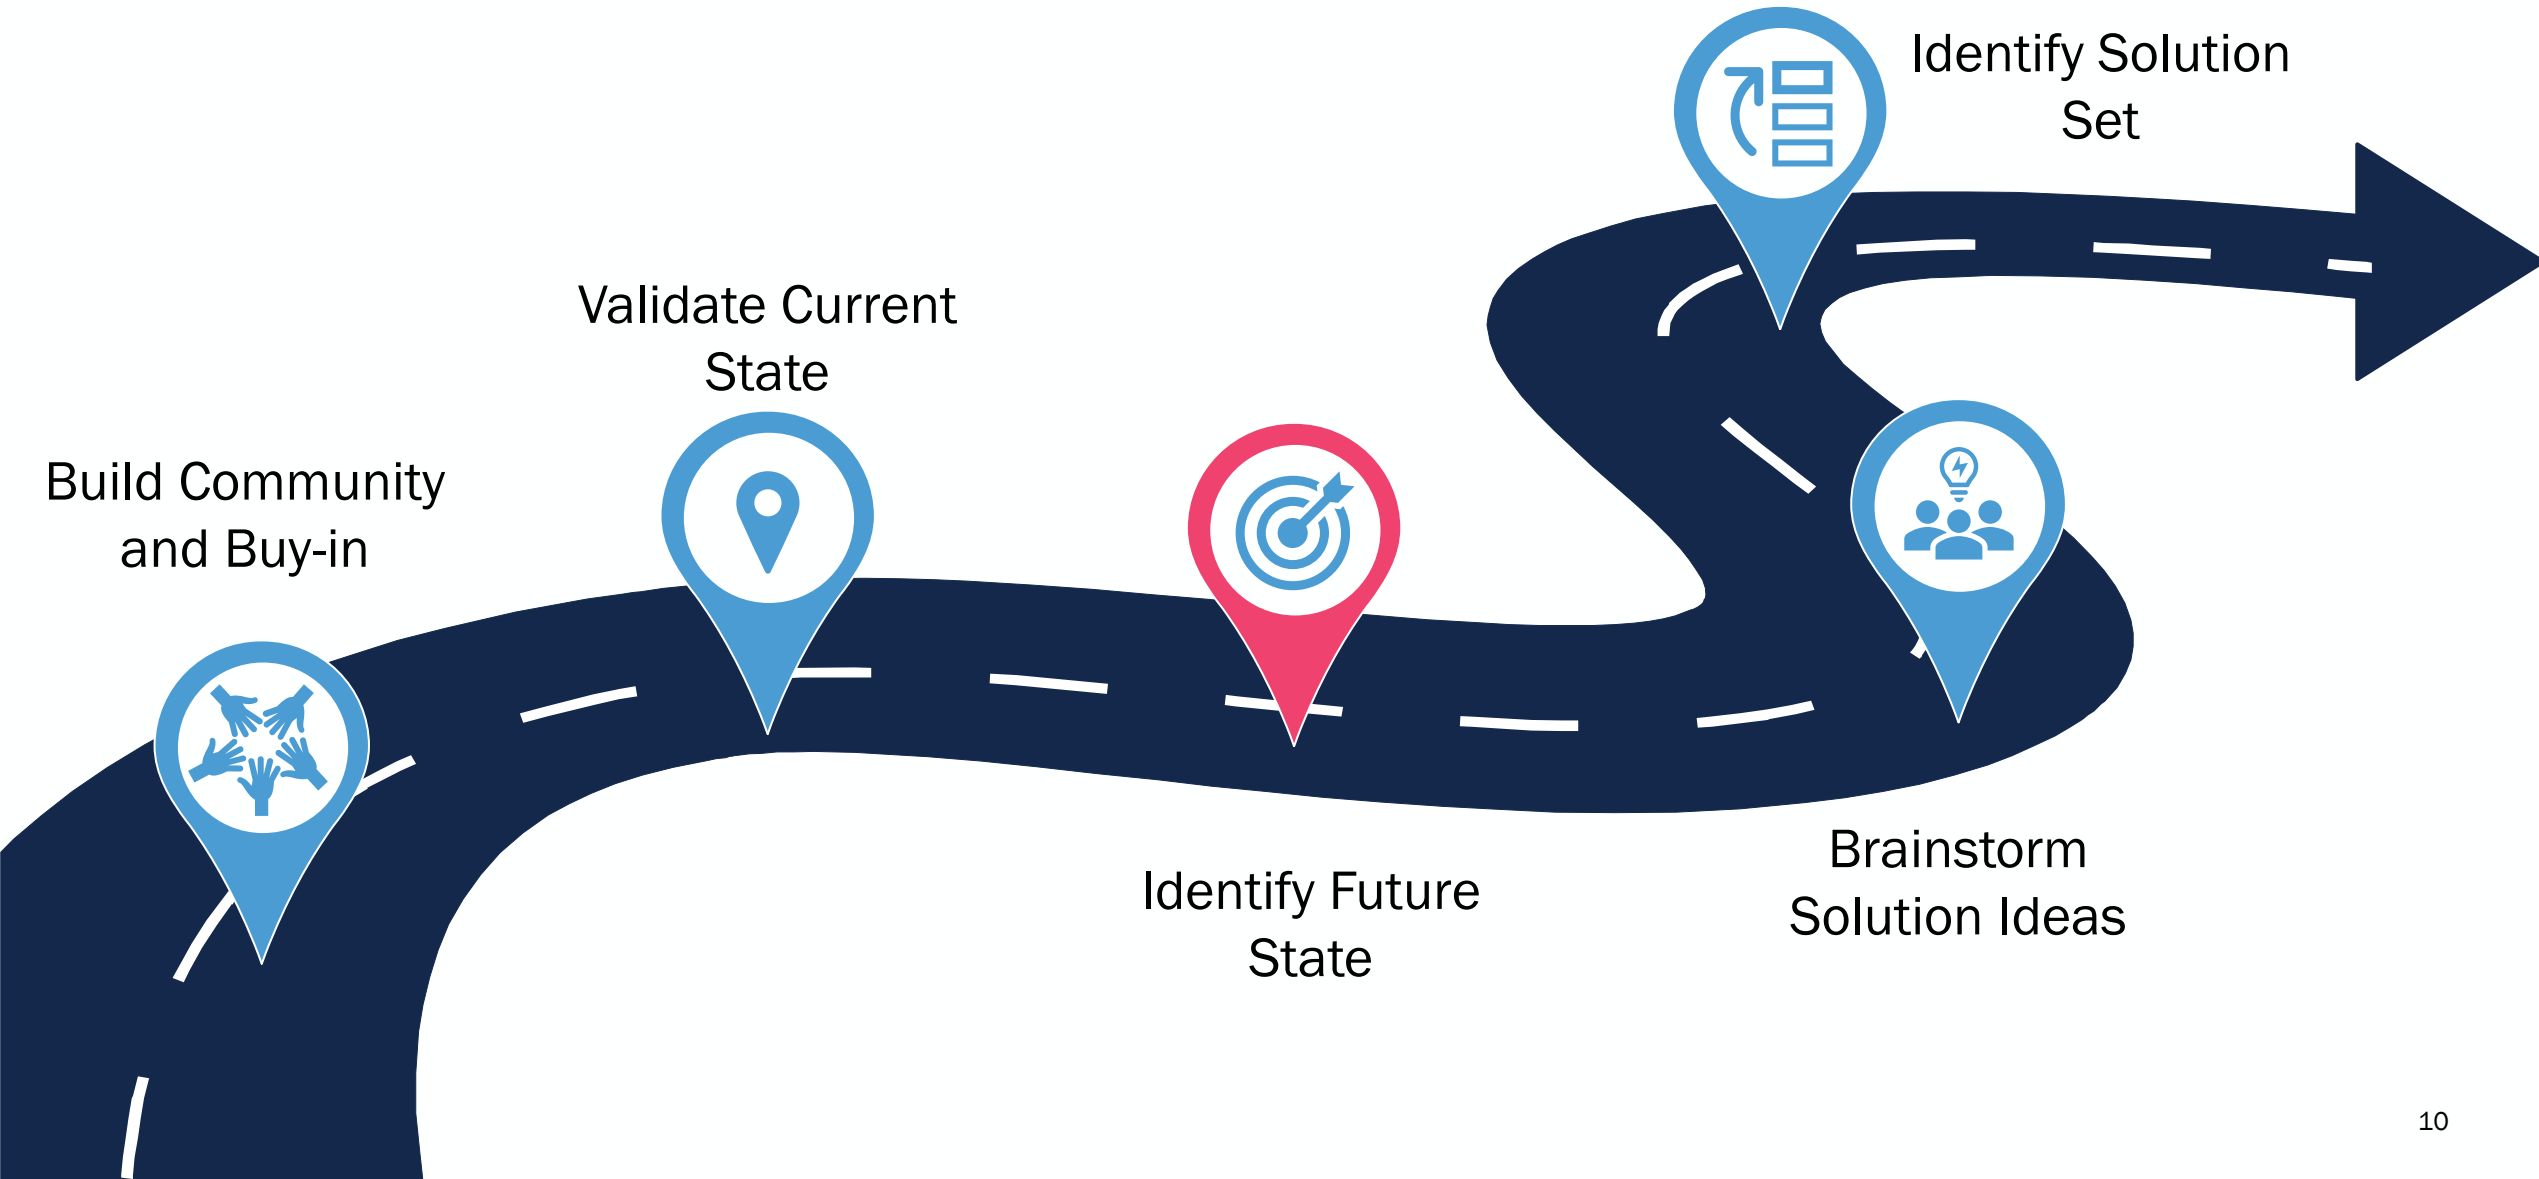

## Validate Current State

- Validate what you think you know – don't assume!
- Examples
  - Review a process map
  - Share data and analysis
  - Identify where pain points are in a process
  - Share feedback you've heard

# Roadmap for Solution Design

What does the work environment look and feel like for employees?

## Set Aspirational Target

# Roadmap for Solution Design

## Brainstorm Solution Ideas

- Start with the “To” and “Delight” brainstorming
  - Develop actionable ideas to get us to our future state
- 

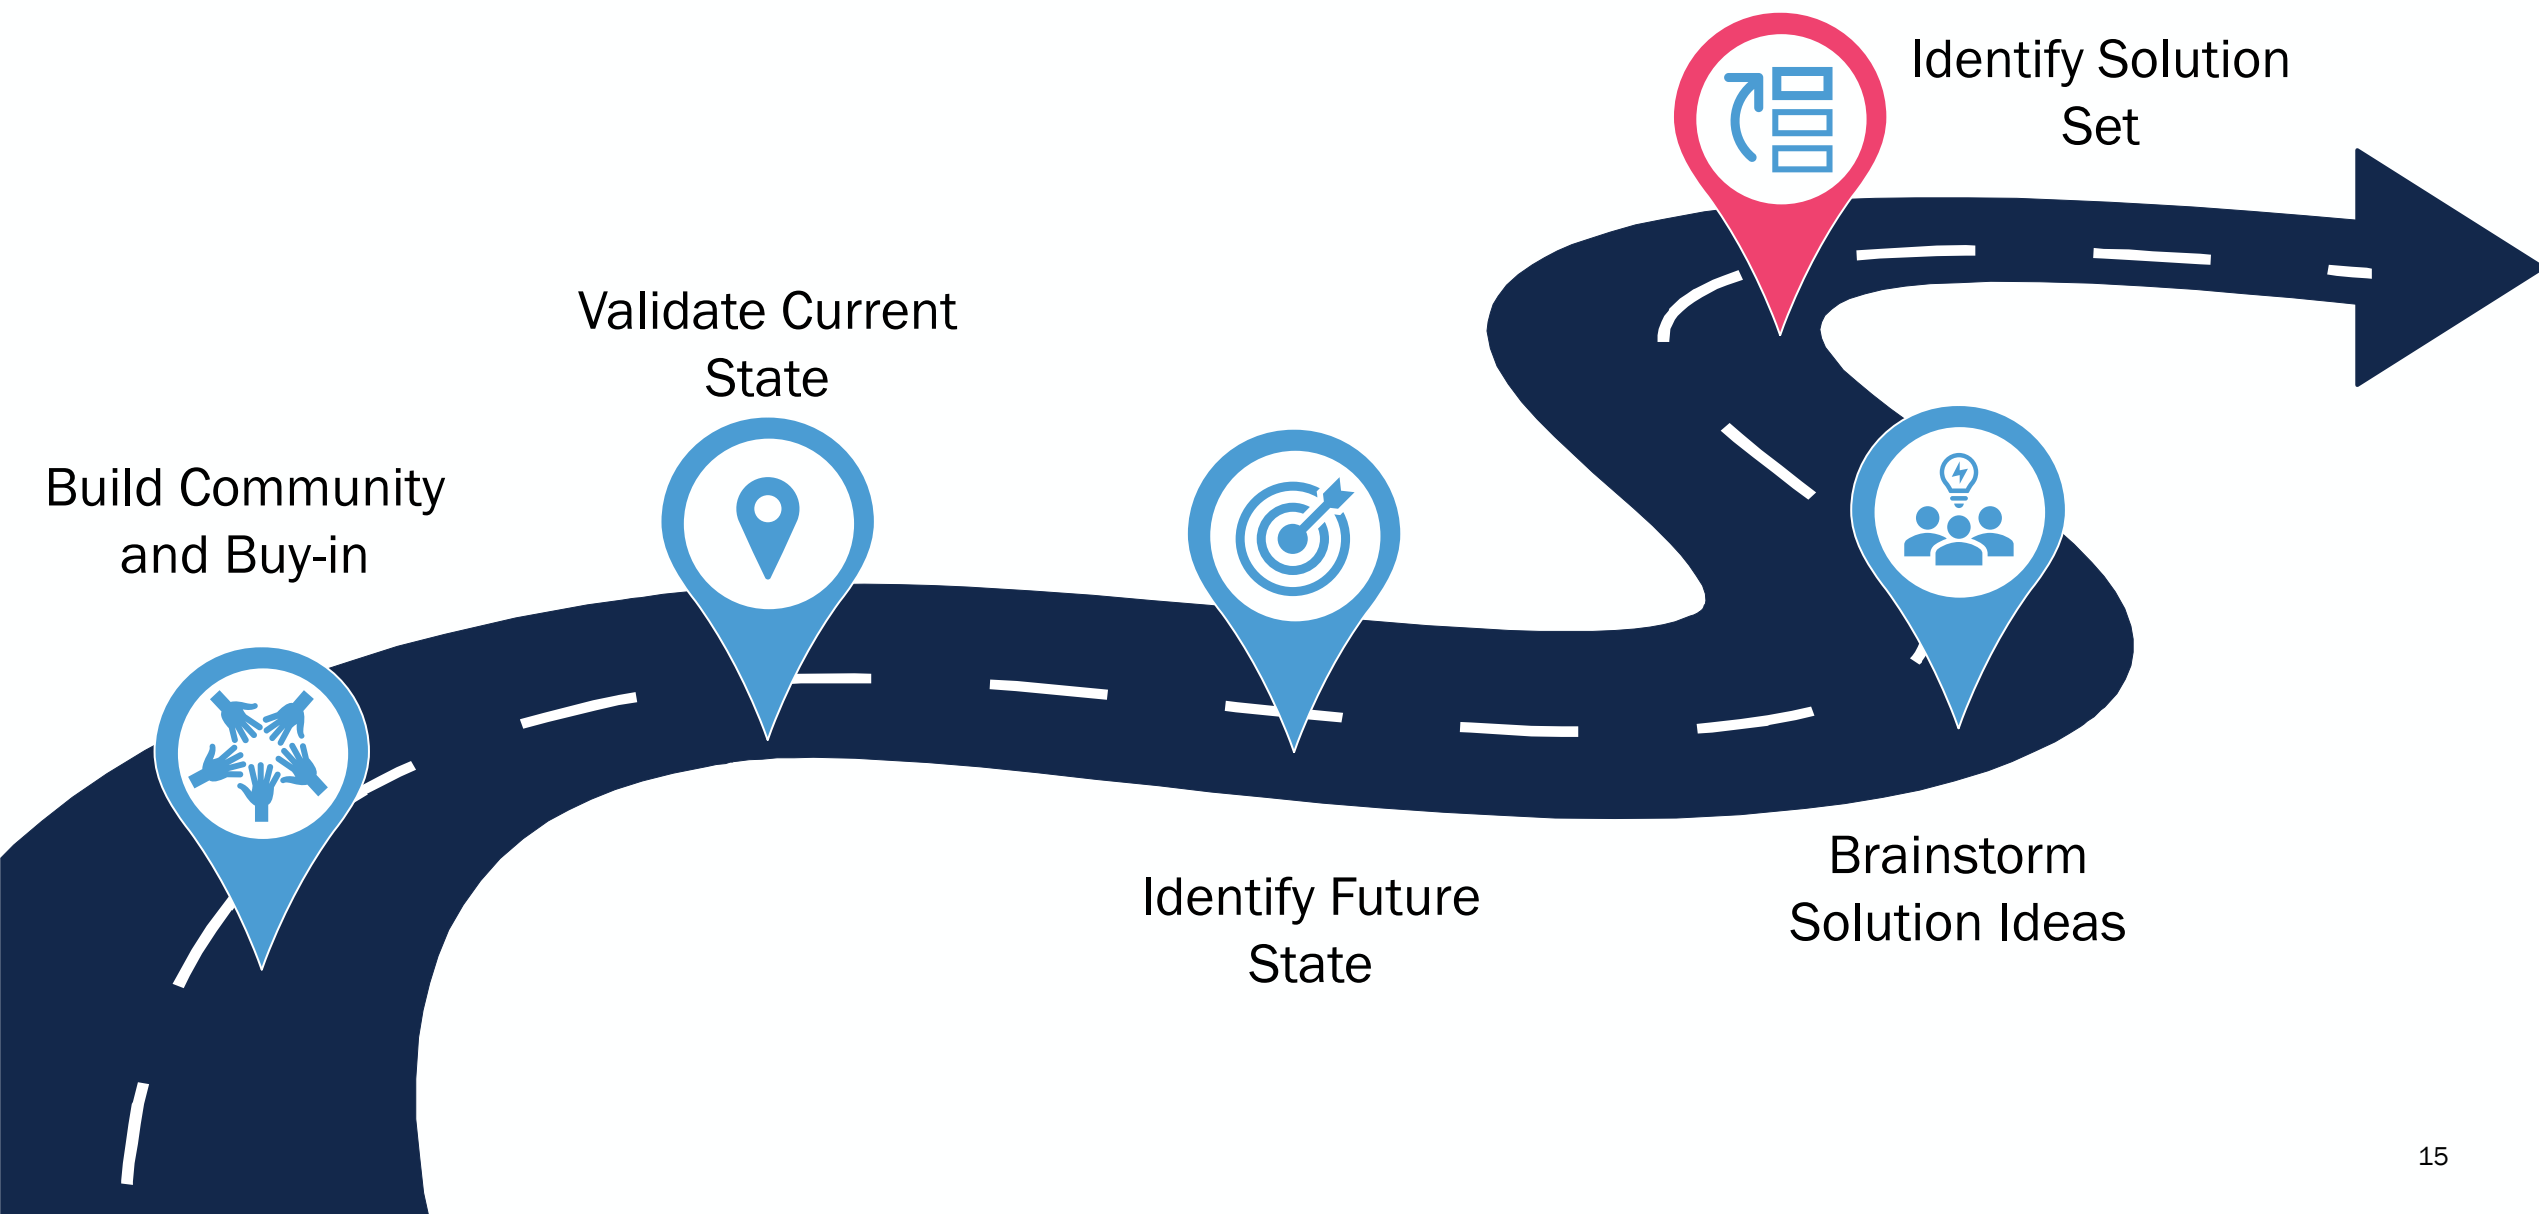

### Homework

- Subject matter experts build out the solution ideas
  - Complete a 1 page worksheet on each idea
  - Resources required, risk, benefits, dependencies, etc.

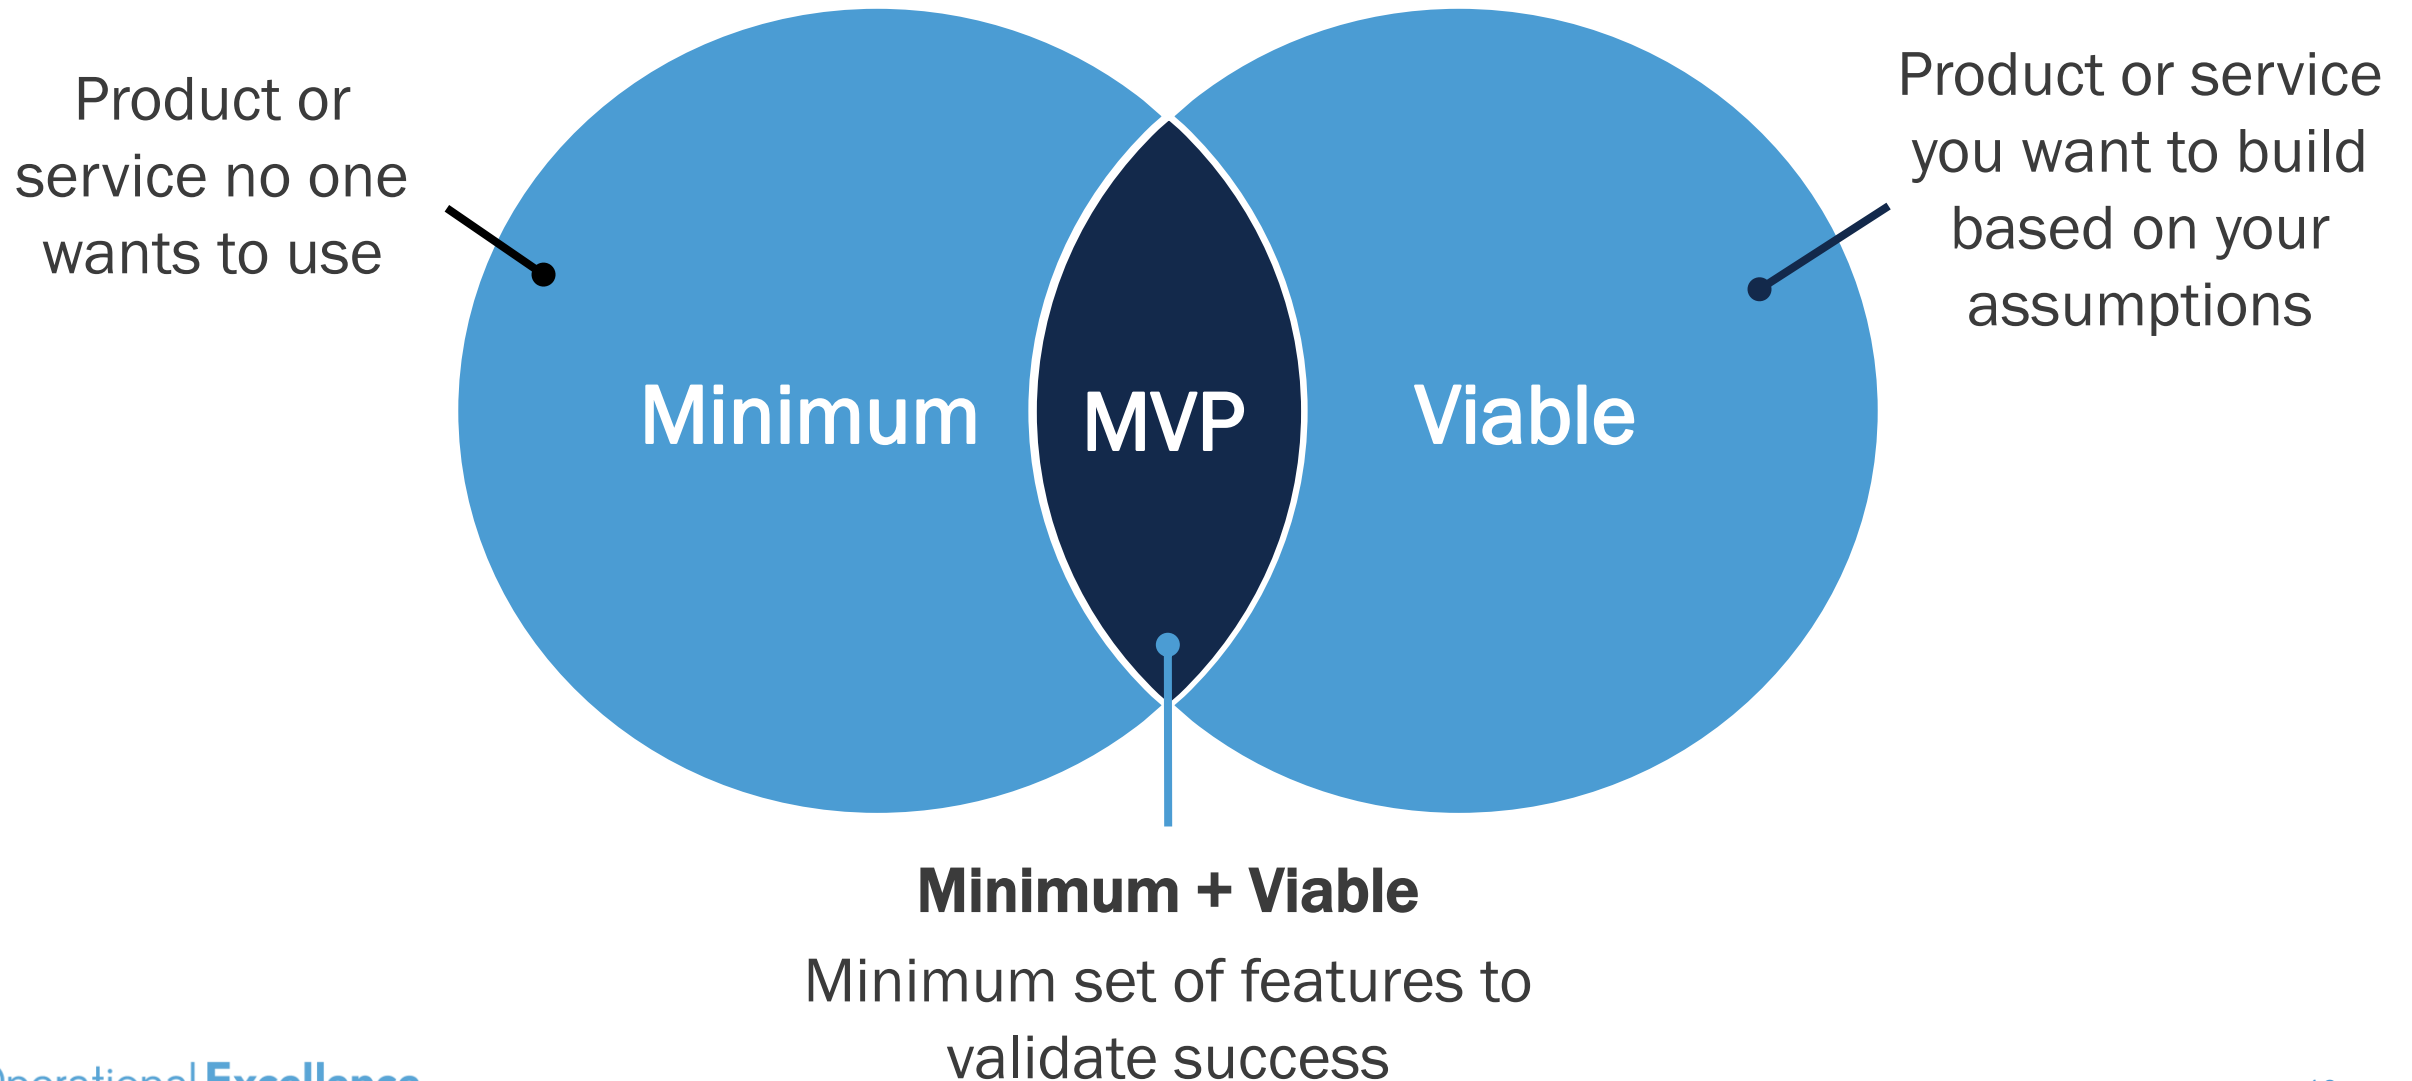

# Roadmap for Solution Design

# Minimum Viable Product (MVP)

# Minimum Viable Product (MVP)

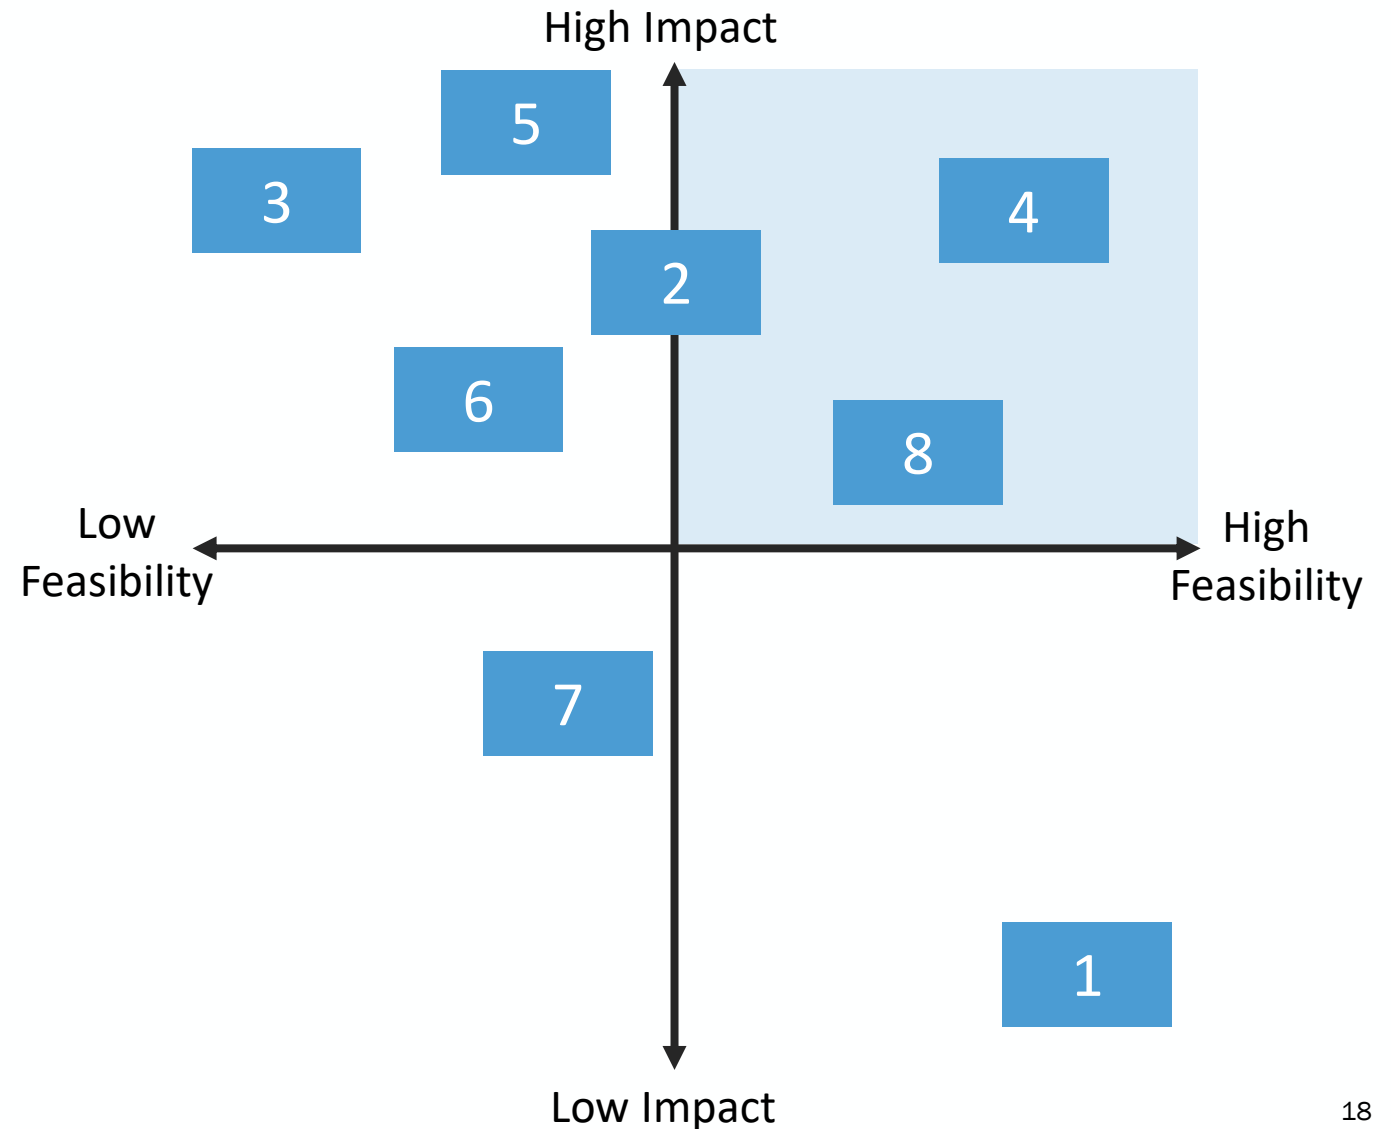

**GOAL:** Launch an MVP with the **least number of features needed** to further develop the solution based on actual customer behavior.

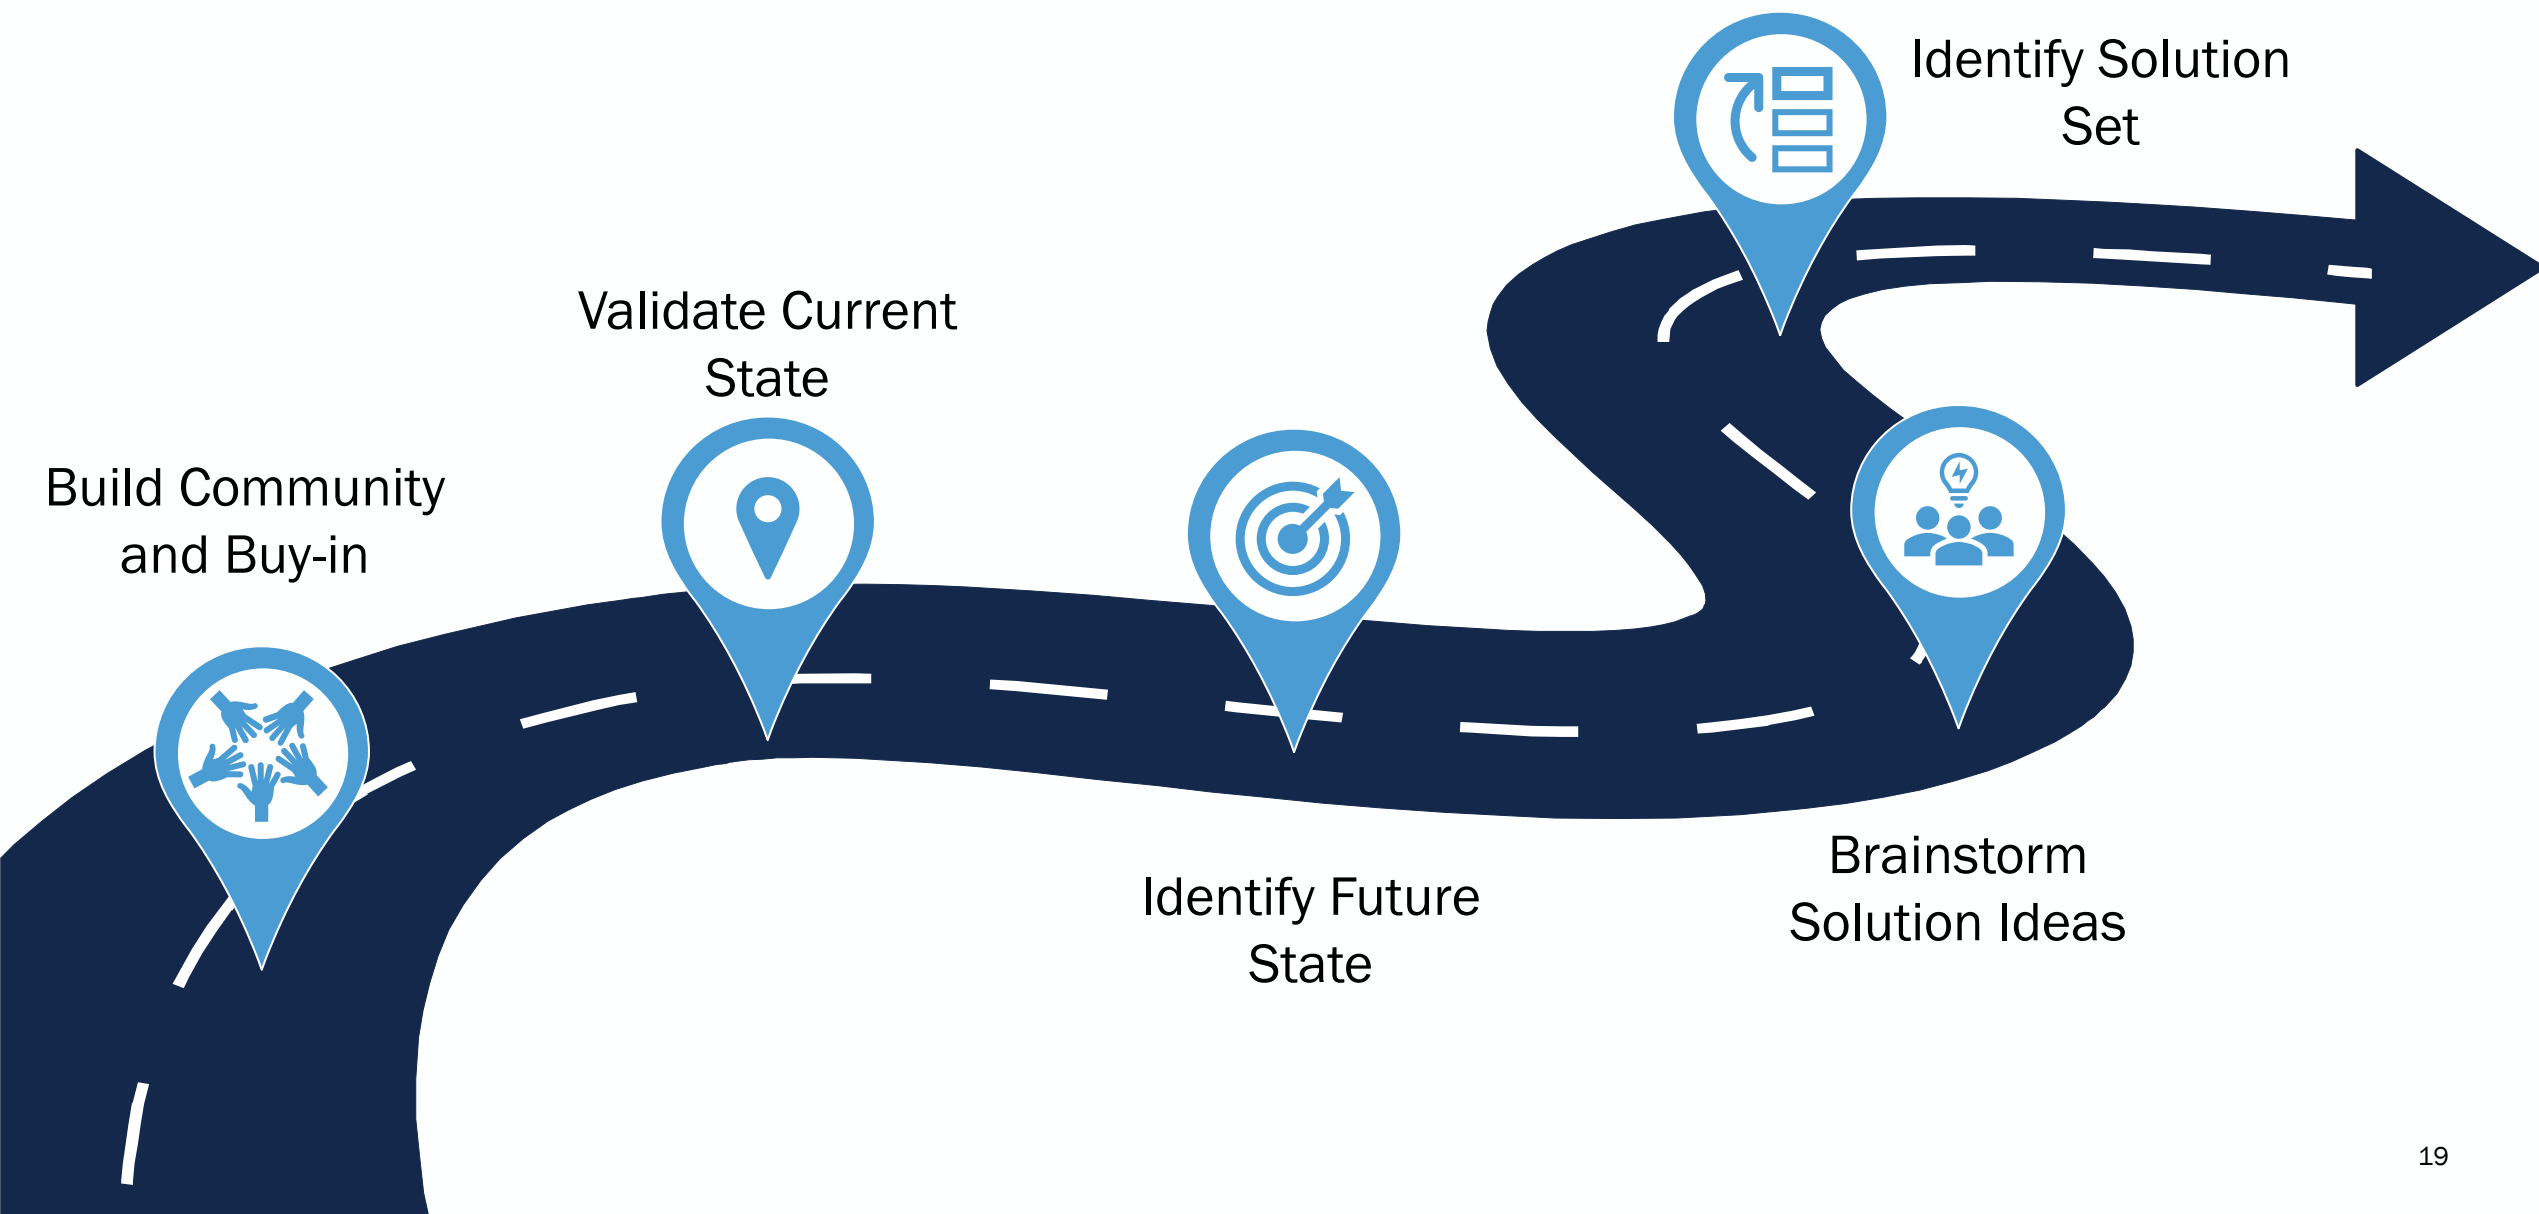

## Impact/Feasibility

- Assess impact and feasibility of solution ideas
- Identify a solution set to pursue
